

VG Designation

VG Number	VG95319-1011	A	001	J
<u>Backshell Style</u>				
A = straight, for band termination, with knurl				
B = 90° angular, for band termination, with knurl				
C = straight, for mounting of braids, with wrench attachment				
D = straight, for band termination, with knurl, short				
E = for heat shrink boots, with wrench attachment				
F = straight, for mounting of braids, with wrench attachment, short				
G = straight, for band termination, with wrench attachment				
H = 90° angular, for band termination, with wrench attachment				
<u>Dash Number</u>				
(Shell size and cable entry size)				
see table				
<u>Material & Version</u>				
A = Aluminium, OD Cadmium over Electroless Nickel				
B = Bronze				
J = Aluminium, Zinc Tin / Black anodised				
S = Stainless Steel, passivated				

Amphenol Designation

	BLVGSRA	001	N
<u>Backshell Style</u>			
BLVGSRA = straight, for band termination, with knurl			
BLVGARB = 90° angular, for band termination, with knurl			
BUVGSRG = straight, for mounting of braids, with wrench attachment			
BLVGSRD = straight, for band termination, with knurl, short			
BBVGSRE = for heat shrink boots, with wrench attachment			
BGVGSRF = straight, for mounting of braids, with wrench attachment, short			
BLVGSRG = straight, for band termination, with wrench attachment			
BLVGARH = 90° angular, for band termination, with wrench attachment			
<u>Dash Number</u>			
(Shell size and cable entry size)			
see table			
<u>Material & Version</u>			
N = Aluminium, Electroless Nickel			
ZN = Aluminium, Zinc Nickel Black
